VERY SEVERE ELECTRIC SHOCK

Farmer Knocked Down and
Rendered Unconscious
By Lightning

WAS IN HAY FIELD.

Victim Slightly Burned, But
Not Seriously In-
jured.

During the electrical storm Friday afternoon Mr. W. A. Glass, of the Church Hill neighborhood, was knocked down and badly shocked by lightning.

Mr. Glass was superintending the cutting of some clover in one of his fields when the bolt descended. He was knocked down and rendered unconscious for several seconds. Mr. Glass had a pitch-fork in each hand and these were hurled some distance. The index finger of his left hand was slightly burned, but his injuries were not of a very serious nature and he was able to come to the city on Saturday.

HON. JOHN FELAND

Will Leave To-night to Lo-
cate in Oklahoma.

Mr. John Feland will leave tonight for Oklahoma City on a prospecting tour and may decide to locate in that city. Mrs. Feland and their three children will go to Louisville to visit relatives and await his decision in the matter. Mr. Feland will in all probability enter upon the practice of his profession at once. He was born in this city May 3, 1866 and was licensed to practice law before he was 21 years of age. He represented Christian county in the legislature in 1908 and since that time has spent a great part of his time on the circuit court bench as special judge in many parts of the state.

As a lawyer Mr. Feland is recognized all over the state as possessing unusual ability. He is a gifted orator, his education is liberal and his agreeable personality makes him popular wherever he is known. As a Republican leader he has stood high in his party and has been a most effective stump speaker in many campaigns.

He has many friends here who regret to see him leave his old home and will wish him much prosperity wherever his lines may fall.
